A Walk To Remember

Wow! What a strange year it's been. We had two months off thanks to Katrina, but through the good and bad we came together for an extreme 2005-2006 school year.

Some people come into our lives and quickly go. Some stay for a while and leave footprints on our hearts. And we are never, ever the same."

Hurricane Katrina

August 29, 2005

“The worst
natural
disaster in
history.”

1. An uprooted tree. This is one of the many along the coast.

2. The railroad trestle was destroyed.

3. It took 6 months to rebuild the railroad bridge. It became operational at the end of February 2006.

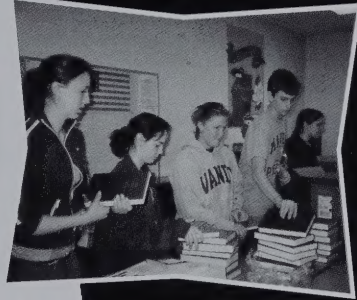

4. One of the many houses destroyed. Most of the houses ended up like this.

Above: The railroad tracks were completely destroyed during Katrina.

All the roads were pretty much deserted.

Aftermath

Many thanks to everyone who sent in book donations. This is only one of the many acts of kindness we have experienced.

Juniors

What was your favorite part of the '05-'06 school year?

Why:

One of the students answered that he loved free lunch because it is not right to buy lunch that is not that good.

Someone else said that prom was her favorite part because she can go without being asked.

Class of 2007

As the construction of our school continues, what would you like to see change?

The two juniors that were interviewed both agreed that Bay High School needs better workout programs. One of them said we need cleaner, more modern bathrooms. The other said less individual activities and more group activities, so the students can interact more with each other.

Freshman Class of '09

Freshman yearly thoughts,

This year hit pretty hard for all the students here at Bay High. As for the freshman this year, lets just say it hasn't been easy.

First, we went from middle school to high school. We also had to get use to the four block schedule. Then, just as we got used to the four block schedule, there came the school work and daily homework and tests.

The toughest thing this year was leaving for the hurricane and not knowing what we would come back to. After waiting three months for the school to be safe enough for the students and teachers to be in, it still wasn't technically finished. When school started back up again it was really tough because not all the classes were in the same place they were before and they kept switching. We went from four classes to six and worst of all many of our friends weren't here when we returned.

Now, school is slowly back to normal day by day. However, this was an outstanding year for the Freshman class. Most of us are happy to be back-walking the halls of Bay High - because the school we went to during our time away was nothing compared to Bay High. Were glad to be back.

In the beginning of the year all of the freshman were excited to be in the high school. The change was exciting because we went from being in the middle school to the "cooler" school. One thing we didn't like was that were the youngest in the school. We got used to being the oldest last year so we just had to get used to being the youngest again for awhile. Well this year has been an exciting and life changing year. See you next year!

Superintendents

Dr. Stasny (left) and Mrs. Cox (right)

Dr. Stasny

Dr. Stasny is the superintendent of the Bay-Waveland school district while she enjoys helping the district to become the best place for children to get an education. She dislikes her job when she has to talk to parents about their child getting into trouble.

Before becoming a superintendent, she was a teacher, and she has been in education for twenty-six years. She chose this career because she enjoys working with children of all ages.

Mrs. Cox

Mrs. Cox, assistant superintendent, is inspired everyday to make a difference in the lives of all students, even though she doesn't like driving the extra miles to come to work since Katrina.

She has been in education for thirty years and in administration for fifteen years. She chose her career because she always wanted to teach and loves making a difference.

School Board: President-Sherry Ponder, Secretary-Clevand Williams, Attorney-Bob Allen, Cheryl Ladner, David Mayley, Ronnie Artiques.

Central Office Administration: Dr. Kim Stasny-Superintendent, Debbie Cox-Assistant Superintendent, Garland Cuevas-Business Administrator, Dr. Rusty Dempsey-Special Services Administrator, Donna Torres-Program Coordinator.

Principal

Marca Boyer-Alexander

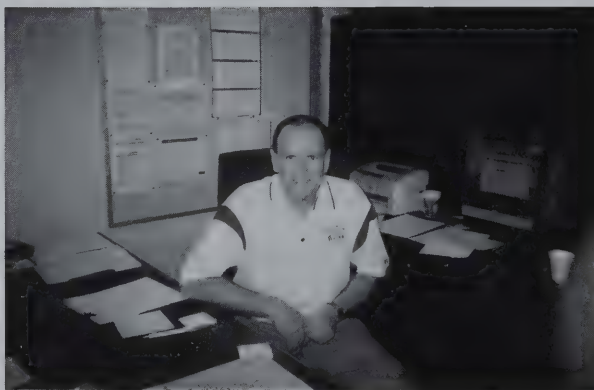

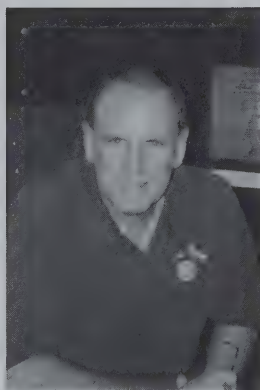

Mrs. Boyer, principal of Bay High for the past three years, enjoys coming to work for the students. Although maintenance issues tend to take the wind out of her sail.

Before she became principal she was a program director for the school district. She has been in administration for eighteen years and a principal for six years.

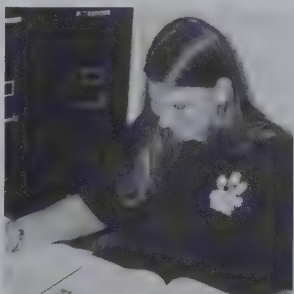

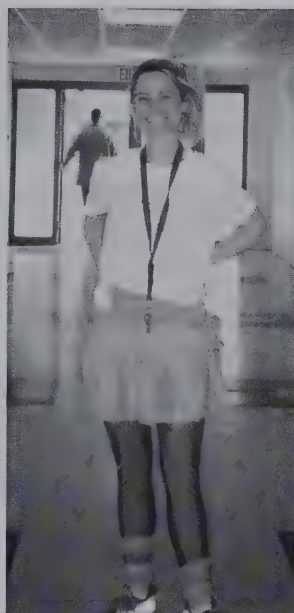

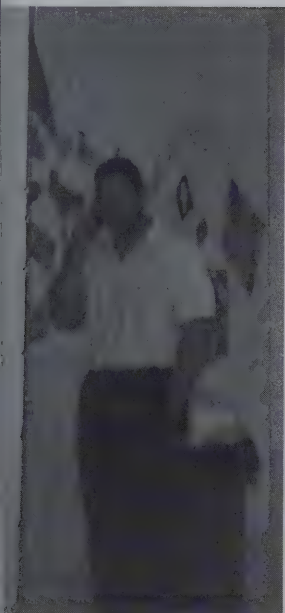

She chose this career because she wanted to be a teacher and work with kids.

Vice principal

Terry Smith

Mr. Smith, vice-principal at Bay High School, enjoys coming to work because, "it doesn't feel like work." However, the worst part about his job is dealing with a situation where a student has made bad decision. He has worked in education for twenty-seven years. Ultimately, he chose his career to coach football and basketball.

For My Daughter Alanna,

Wow! Look at you! Just the other day you were my "hold-me" baby and now you are a beautiful young woman. I want you to know it has been so much fun watching you grow up.

As a baby, you would look up at me and smile with those "moon-eyes" of yours. You looked so sweet! Now you are seriously involved in the passion of your life. Watching you blossom as you performed in show choir has been such a joy for me. I'm so proud of all the accomplishments you have made over the years.

Alanna, you are such a fun person to be around. You are smart and witty; you bring a lively presence wherever you go. Watching you laugh and cut-up with family and friends has always made me smile. It's easy to see why everyone loves to be around you! You are such a warm and caring person who is always willing to give whatever way you can. I have no doubt that wherever life's journey takes you, you will embrace it hold heartedly and enhance everything around you. So many congratulations from me and all of your family and friends on your graduation. Here's to the first of many great things to come!

I love you so much Alanna! Thank you for being the wonderful daughter you are and bringing me so much joy and happiness!

Love Always,
Mom

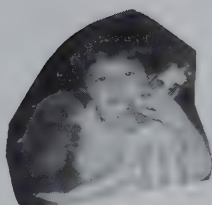

Congratulations, Brennan!

I hope you enjoyed your Senior Year. We have made many memories, and there are more to come. Keep your head up and you'll go far!

Love You Always,
Joy

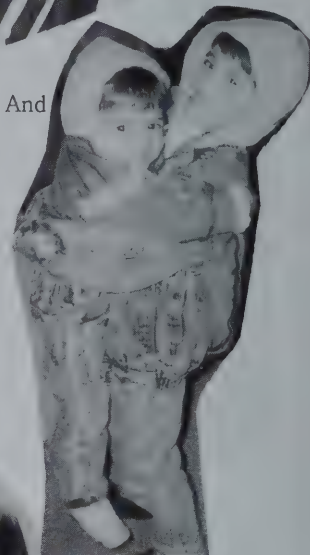

Britt,

I'm so glad to have you as my Big Brother.
I will never forget all the fun we have had fishing, hunting. And
Even the times you got me in trouble.

It's about time you graduate,
So I can have the Big Bedroom! HA HA
Good luck in college, I will miss hanging out with you.

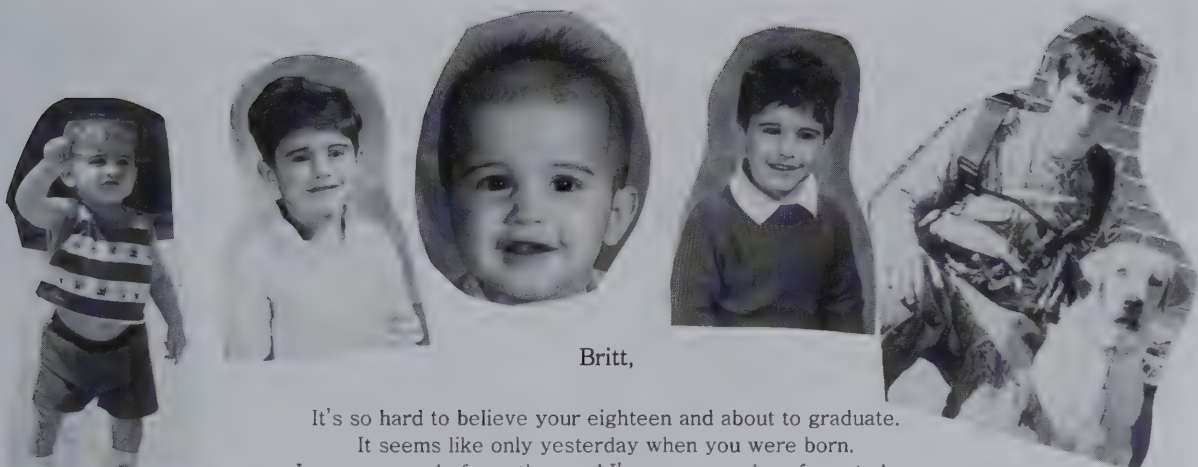

Mikey

BRITT

I'm so proud of you. I'm glad to have been a part of your life. There are no words that can describe the happiness you and Mikey have brought into my life. I have enjoyed every minute of hunting & fishing with you. You have always been a leader not a follower in your life. May all of your dreams come true. I will always be here for you, if you ever need anything. Follow your dreams and the rest will come. I love you always. Your Step-Dad, Jamie

Britt,

It's so hard to believe your eighteen and about to graduate.
 It seems like only yesterday when you were born.
 I was so proud of you then and I'm even prouder of you today...

I will always cherish the memories of
 "my little boy,"
 who has brought so much happiness and sunshine into my life over the years.

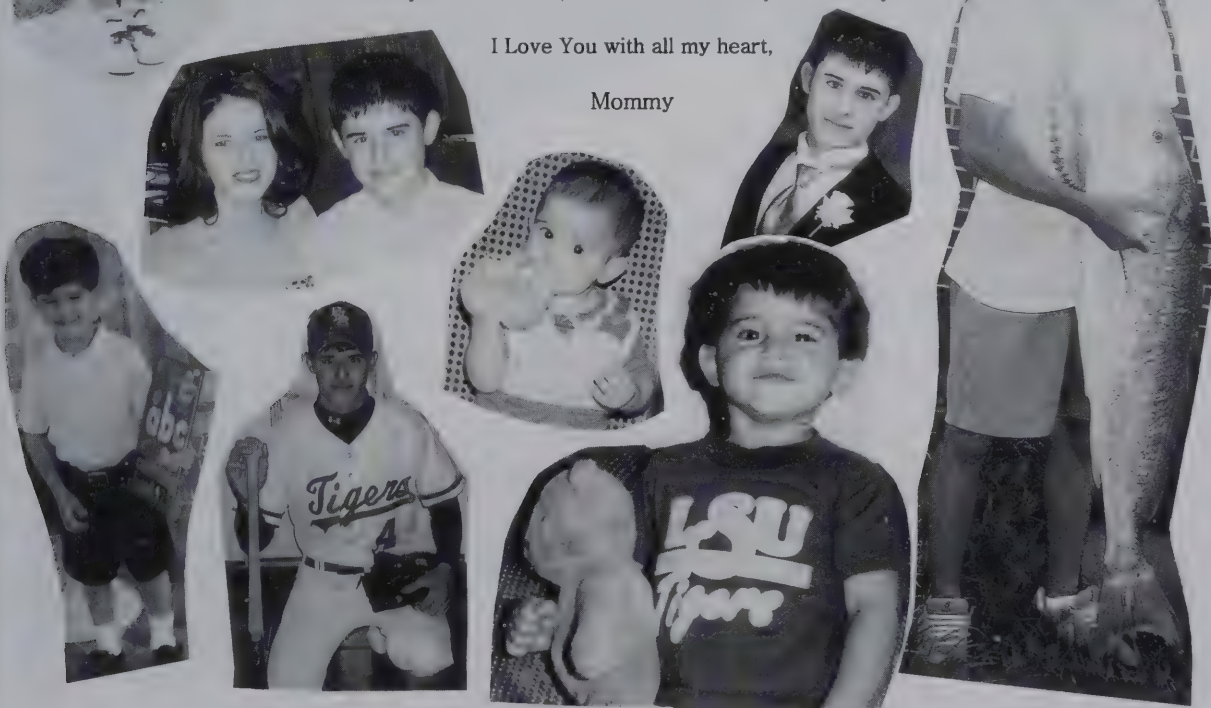

You have grown into a special young man,
 one who never gives up and works hard for the things he wants.
 You have never been afraid to be yourself
 and to stand up for what you believe in
 I hope you never let that slip away.

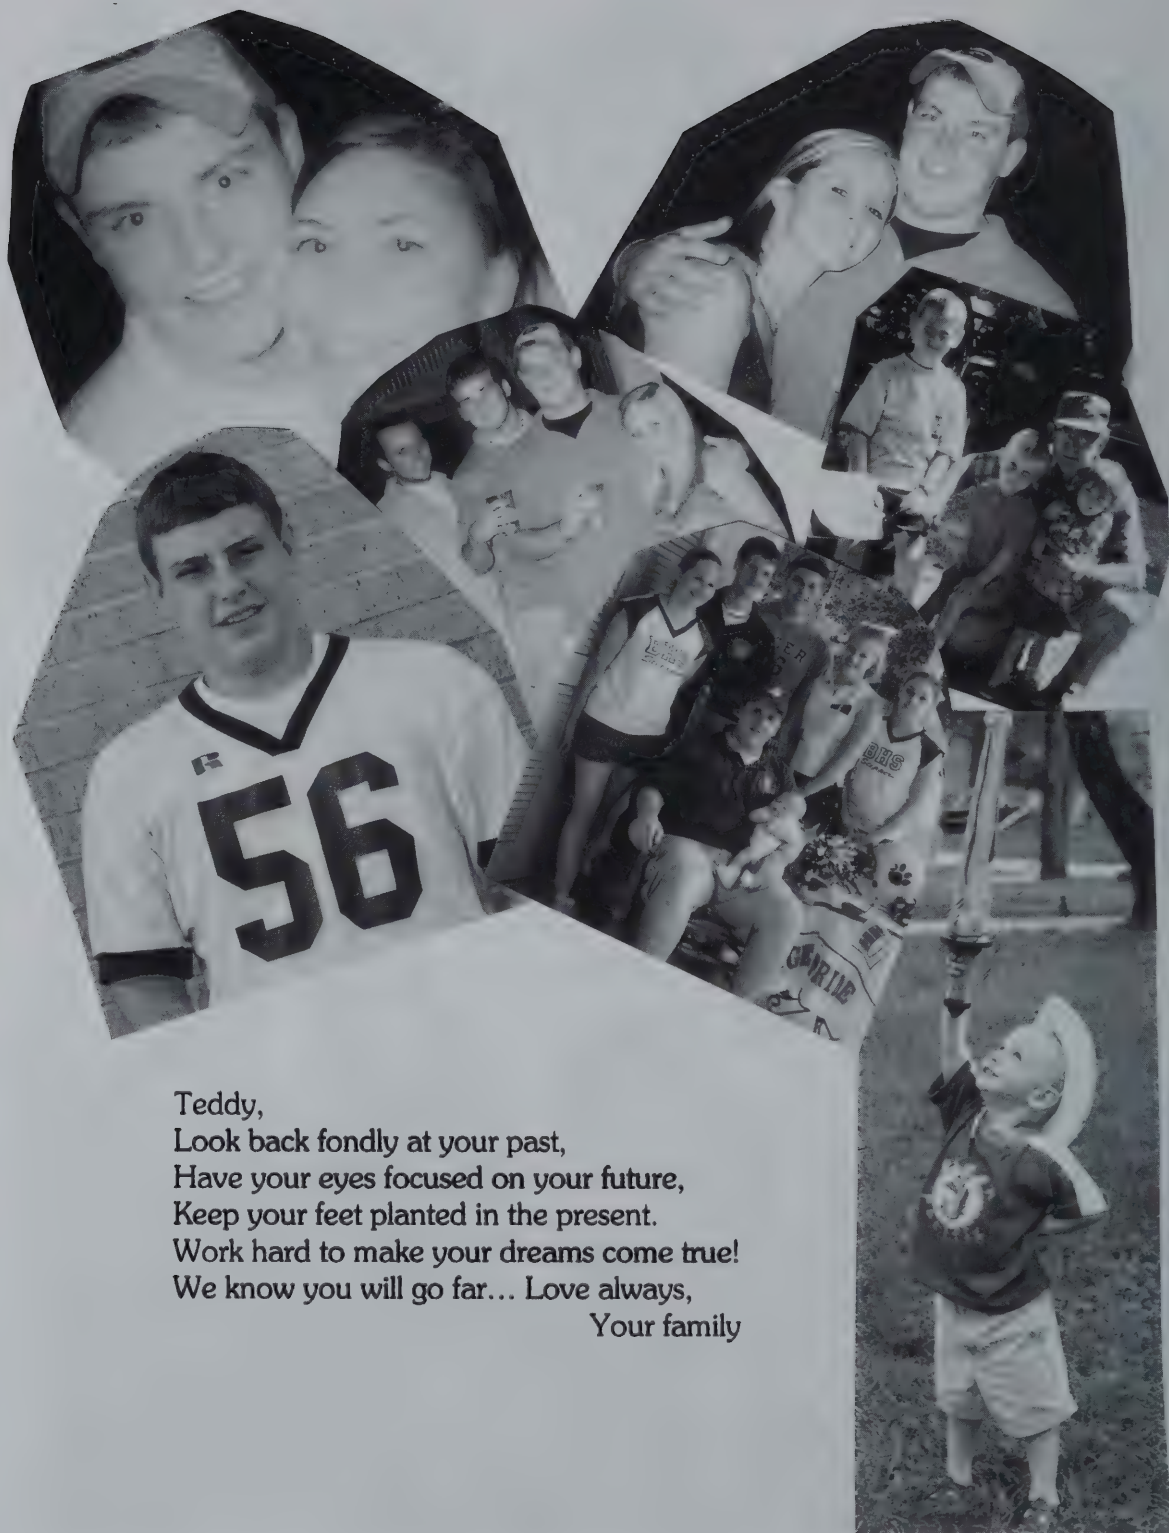

Never forget that I believe in you - just believe in yourself and know that
 you can accomplish anything you set out to do.
 You are blessed with so many talents; use them well in your future.

I wish you all the luck, remember I'm always here for you.

I Love You with all my heart,

Mommy

Teddy,
Look back fondly at your past,
Have your eyes focused on your future,
Keep your feet planted in the present.
Work hard to make your dreams come true!

Love, Mom & Dad

Jessica,

You are approaching a major crossroads in your life. You are not yet a woman nor a child; but a beautiful, intelligent young lady with such a bright future ahead of you. We know you will continue to make the intelligent, mature decisions you have been making. Always hold your head high and keep a smile on your face you deserve the very best that life can offer.

Please know that we would give you every star in the sky if they were attainable. You mean the world to us and we are so very proud of you! You have shown us that you are able to spread your wings while remaining grounded. Our wish for you is that your future be as bright and rewarding to you; as watching you grow into the beautiful, young lady you have become to us. May the Lord always be a part of your life and in your heart guiding and protecting you. Congratulations, We are so proud of you!

Love Always,

Mom, Ronnie, Jeffry, Ricky and Sarah

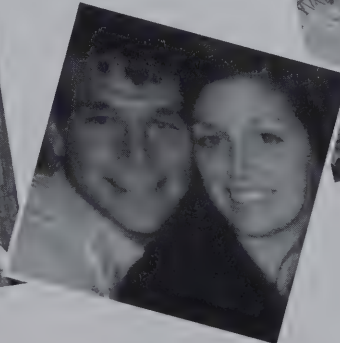

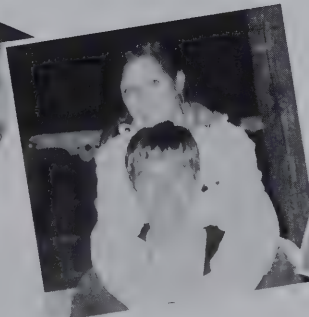

Jessica,
You have been my friend for four years now. In the beginning we didn't really know each other, but now it is like we are sisters. You are the best Jes! I wish you the best in college and with everything. Can't wait to room with ya!
Love Ya Girl, Jenny

Jenny,
Thanks for all those late night girl talks and always being there when I needed a friend. You're the greatest! Without you I would not be as happy as I am right now. What would I do without you! I wish you the best of luck with all that you do in life.
Love Ya, Jessica

Congratulations baby I am so proud of you but so sad that your leaving me. You're such a special person Jenny! Good luck in college. I Love You!
Love, Jeremy

My little angel; you have no idea how happy I am of you to have achieved one of your goals in life. I've taught you to talk, crawl, walk, run, eat, brush your teeth, sun bathe, shop and potty. You've been great in pee-wee softball, as a dancer, a cheerleader, playing the symbols, and driving a car. Still today from the age of two until now you still talk on the phone. When you smile you always light up the room, which cost me plenty of money. I'm just so proud of you for reaching for your goals baby girl. I'm always here for you whether its good or bad. You were and always will be mama's little girl. I love you!

Love, Mom

Congratulations sister I love you!

Enjoy your Senior year and remember to hold your head high, stand strong for what you believe in and we know you will achieve your dreams. Remember we will Love you always, no matter what.

We are truly proud of our 2006 Senior and Dance Team Captain. Keep up the great work!

OLE MISS

Nick

There are so many great things we can say about you, but this yearbook does not have enough pages in it, to say everything that needs to be said. We want you to know how very proud of you we are and that you have become the man, we always knew, you would be. From the time you were little, we knew, you would go places and experience all the wonderful things out in the world. We just did not realize how fast this year would get here. We will always be here to support you. So as you go out into the world, remember to be yourself. Keep skating until you can't skate any more and when you can't skate, teach. You have so much to offer. Keep smiling; there is always a camera around. In life you'll have many crooked roads, some will be long and hard, some short and sweet. There is no wrong one to choose, because the lessons will be learned by your mistakes and your achievements. Always have faith in everything you do. Keep God in your life; still eat chocolate with your Momma.

Love Momma, Daddy, Jenny, Kaydee, and Penelope
